Do you know about temporary childcare?

【Special Feature】 Regarding Temporary Childcare

Yokohama City provides “temporary childcare services (ICHIJI HOIKU)”.

Guardians can ask for taking care of their infants and children on a temporary basis.

What is temporary childcare?

Even if your child does not usually go to nursery schools, you can ask to look after your child for a short time when you must go to work or illness. There are three types of temporary childcare services.

What are they called?	When are they available?	How long can children use them?
Atypical Childcare (Hiteigata Hoiku)	When a guardian has to go to work or school, or due to other circumstances and cannot take care of his/her child at home	Within 3 days per week or 120 hours per month
Emergency Childcare (Kinkyu Hoiku)	A guardian is ill or hospitalized, has to attend a family’s wedding, funeral, or due to other circumstances	Within 14 consecutive days at one time
Refresher Childcare (Rifureshu Hoiku)	If guardians are suffering from childcare-related fatigue or stress, etc.	Within 1 day per application

What kind of children can use this service?

Children do not attend a nursery school currently and are also pre-elementary school age and younger.

How much do they cost?

Please pay the fee decided by each childcare directly.

Besides the fees for use, you may need to pay for food or other expenses.

Please contact each center for more information.

How to use this service?

Please directly apply for the desired facility that offers temporary childcare services.

The contract will be between the childcare center and the guardians.

There are a lot of nursery schools that offer temporary childcare in Tsurumi ward. Visit the **website** for further details!
